

## **MARQUETTE TOWNSHIP PUBLIC WORKS DEPARTMENT SEWER CONNECTION PERMIT PROCEDURE**

In order to connect to the Marquette Township sanitary sewer you must obtain the following permits:

1. County Road Commission Right of Way Permit.
2. County Plumbing Permit.
3. County Electrical Permit (if you need a grinder pump)
4. Township Connection Permit.

To obtain your road right-of-way permit, contact your contractor or call the Marquette County Road Commission (486-4491).

To obtain the plumbing and electrical permits, contact your contractor or call the Marquette County Resource Management, Construction Codes (225-8180).

You must obtain the plumbing and R.O.W. permits and electrical (if needed) before you can obtain a connection permit from the Township. Please have copies of these permits available when you apply for the Township connection permit.

To obtain your connection permit, please come to the Township office during normal business hours, Monday through Friday, 8:00 a.m. to 5:00 p.m.

In addition, to obtain the connection permit you will need to pay the sewer connection permit fee of \$5,000 for a single family residence. Also, you will have to pay a \$50.00 deposit.

The developer is responsible for all excavation and restoration, both within the right-of-way, and on private property. The Township will install the tap and piping to the property line if necessary.

If you have any questions, please feel free to contact Kirk Page, Superintendent of Public Works at 228-6220 extension 106.
