Charter Township of Marquette Fire & Rescue / Fire Marshal's Office

2801 Venture Drive, Marquette, Michigan 49855
Phone: 906-228-4296 • Fax: 906-228-4297

Please read over the following information in regards to the sale and display of fireworks in the Charter Township of Marquette.

The Sale of Fireworks:

- The Township Fire Department issues permits to sell fireworks; this permit is acquired through the Township Fire Marshal's office. Once the permit application is filled out and returned to the Township Fire Marshal an on-site inspection is required prior to the beginning of sales.
- A Temporary Use Permit Application will need to be obtained from the Marquette Township Zoning Department and approved by a Marquette Township Zoning Official before any set up or sales take place. This form can be obtained on the Marquette Township web-site or by contacting the Township Office at 1000 Commerce Drive, Marquette, MI. or 906-228-6220

The Storage of Fireworks:

- A storage permit is required if fireworks other than what is kept in a stand or store, are to be stored on site. This permit requires an approved storage unit and on-site inspection by the Fire Marshal to assure compliance with the National Fire Protection Agency. (NFPA-1, and L.S.101 200 edition).
 - The fee for this permit is \$200.00

The Display of Fireworks:

- If a group or agency is planning a fireworks display, they need to obtain a permit application. This application needs to be completed and returned to the Fire Marshal's office. The Fire Department will be responsible to sign off on this permit application before it is approved/disapproved by the Township Board. Once the Township Board has accepted this Permit Application an on-site inspection by a Fire Marshal will be required.
 - Currently there is no cost for this permit.

Additional Information:

- Specific questions related to fireworks should be directed to the Fire Department. These inquiries will be addressed by the Fire Marshal, Fire Inspector, or the Fire Chief.
- A list of legal fireworks is available upon request from the Fire Department.
- If a tent over 900 square feet is being used for the sale of fireworks, a building permit will be required. In this case you must supply the Fire Marshal with the following information:
 - Fire rating certification
 - Installation instructions
 - Designate emergency lighting for evening hours
 - Layout of tables, aisles, exits, etc.
