

FOR IMMEDIATE RELEASE:

Emergency Exercise at Lost Creek

Marquette Township, Michigan - On Saturday, August 20th, there will be an emergency services exercise at Lost Creek in Marquette Township. Area fire departments, EMS, law enforcement, dispatch, emergency management, Citizen Emergency Response Team, Salvation Army and Red Cross will test their abilities to communicate and coordinate evacuation and shelter in place strategies after a mock explosion. This exercise also offers an opportunity to evaluate the Marquette County and Marquette Township Emergency Operations Plans.

Lost Creek residents and management along with Medallion Management and Region 8 Healthcare Preparedness have been instrumental in offering a venue and preparing our scenario. We ask other Marquette Township residents and visitors to avoid the area of Lost Creek from the hours of 8am to 12:30pm, if possible. There will be many emergency vehicles staging at the Marquette Township Hall in the morning with an increased volume of traffic in the area.

Randy Girard, Manager
Charter Township of Marquette
161 County Road 492
