PUBLIC SAFETY AND HEALTH NOTICE

Consistent with the continuing direction and intentions of the President of the United States, the Centers for Disease Control, and the Governor of Michigan, public access to the Township offices, Facilities, parks, and recreational venues will remain closed through at least April 30th.

Township office staff will continue normal functions on-site and available to address your concerns by telephone or e-mail exchange; however, will not be available for face-to-face contacts. Time sensitive documents, utility payments, etc. should be timely processed by deposit in the Township offices main entrance drop box or by US postal delivery. Development site plans, similar documents, and commercial delivery will be by appointment only.

All public Works water and sewer operations will continue as normal daily, fully staffed with emergency call-out after hours as normal. Fire/Rescue department and Law Enforcement response services will continue as normal.

To comply with the mandated restrictions regarding social interactions the Lions Field pavilions, Township Community Room, and other such facilities will also remain closed to the public.

We understand that this may be a hardship for some, and an inconvenience for all. These decisions are made to help ensure the safety and health of all in our community, and continue the services that are critical in that regard.

Thank you for your continued cooperation.

Mission Statement:

"Recognize and meet the needs of the Township Community."
